

Sinclair Broadcasting's decision to force stations to carry the anti-Kerry documentary in an attempt to affect the November election is a clear example of the dangers of media consolidation of power.

Since Sinclair Broadcasting is threatening to use the public airways in an attempt to manipulate the November election and not serve their general public's best interest, I am trusting you to stop this action now and not send the signal to other corporations that you will accept this blatant misuse of the public airways.

Thank you very much for serving this country by keeping our airways free.
